

To Whom It May Concern,

Our company has had the pleasure of working with the V.F. Pavone Construction Company for over four decades as a sitework subcontractor on dozens of projects throughout the Northern Virginia region. It has been a pleasure to perform our contractual obligations on every single project.

Most recently, we chose to hire V.F. Pavone to construct a new 14,000 SF addition to our main office complex, as well as a complete renovation and remodeling of our existing 32,000 SF facility, all while we remained open for business during construction. Not only did they meet our demanding timeline and finish under budget on a complex project, but they also provided critical guidance on the maintenance of our buildings after completion. I am happy to report that we became even closer allies both during and after this project due to their cooperative spirit and attention to detail.

I would highly recommend the V.F. Pavone Construction Company as the General Contractor of choice.

Sincerely,

A handwritten signature in blue ink that reads 'Kurt Rodgers'.
